DEI, Still Needed Now? Reexamining and Creating Your DEIB Strategy

The field of DEIB has been in Corporate America for over sixty years. There have been consistent changes to this seemingly complex initiative. This session will discuss the strategic evaluation regarding what you are currently doing within your organization and assess its future state. Overall, reexamining and determining practical needs versus traditional practices.

Compassionate Leadership in Troubled Times: Winning Back a Wounded Workforce

What does truly great leadership look like when we're all still trying to emerge from one of the most traumatizing moments in modern history? In this presentation, Dr. Hollingsworth will show you why leaders who prioritize and practice compassion have the hands-down advantage. You'll walk away with essential knowledge, inspiration, and strategy for creating conditions in which a wounded workforce feels the care and safety they need to heal and get back in the game.
